

# JONAS BROWN

*Molecular Biology and Neural Computation Student · University of Washington*

360-706-7996 | brownjonasa@gmail.com | Seattle, WA | linkedin.com/in/jbrown54

## OBJECTIVE

---

Biology and neural computation student seeking an entry-level role in healthcare or life sciences. Combines a rigorous STEM foundation at UW with hands-on certifications (CPR/AED, Bloodborne Pathogen Safety), scientific computing skills (Python, R, MATLAB), and 4+ years of direct-service, coaching, and team leadership experience.

## CORE COMPETENCIES

---

Data Analysis · Scientific Computing (Python · R · MATLAB) · CPR / AED Response · Team Collaboration

## TECHNICAL SKILLS & CERTIFICATIONS

---

**Programming:** Python, R, MATLAB

**Software:** VS Code, SolidWorks, Microsoft Suite

**Certifications:** CPR/AED · Bloodborne Pathogen Safety · Washington State Food Handler Card

## EDUCATION

---

**University of Washington — Seattle, WA**

*Expected May 2027*

*Bachelor of Science, Molecular & Cellular Developmental Biology · Minor in Neural Computation & Engineering*  
Officer, UW Rowing Club

## PROFESSIONAL EXPERIENCE

---

**Team Member** — Ivar's at Stadiums, Seattle, WA

*Sept 2025 – Present*

- Deliver high-volume customer service during sold-out stadium events, sustaining accuracy and professionalism under continuous time pressure.
- Enforce Washington State food safety and cash handling protocols, maintaining zero compliance incidents across every shift.
- Coordinate with team members across multiple service stations to meet concurrent demand during peak-capacity events.

**Lifeguard & Swim Instructor** — Valley Athletic Center, Tumwater, WA

*Jan 2021 – Jun 2023*

- Coached swimmers weekly — from beginners to competitive athletes — in stroke mechanics, race strategy, and water safety, achieving consistent skill progression.
- Administered emergency response protocols using CPR/AED; conducted ongoing patron safety monitoring across all aquatic areas.
- Adapted instruction to diverse age groups and skill levels, delivering individualized feedback to both recreational swimmers and swim team members.

**Chef** — Red Wagon, Tumwater, WA

*Jan 2021 – Jun 2023*

- Executed food preparation in a professional, high-volume kitchen in strict compliance with Washington State health and safety standards.
- Managed concurrent prep tasks during peak service hours, maintaining output quality and kitchen organization under sustained pressure.

**Team Member** — Rev Delivery LLC. , Seattle, WA

*February 2026 - Present*

## ADDITIONAL

---

**National-Level Competitive Swimmer** — Years of elite training demonstrate discipline, structured goal-setting, and high-performance teamwork under competitive pressure.

**Conservation Club** — 100+ volunteer hours in community environmental outreach and conservation service.
